

Objective

hi

Task Breakdown

Task 1

Prompt: Here is the next subtask and search query to help address the objective:

Subtask: Greet the human and ask if there is anything specific I can assist them with. If they provide more details on what kind of help they need, generate an appropriate response or follow-up question to get more information to fully address their request.

Prompt: The human has greeted you by saying “hi”. Please respond with a friendly greeting in return, and ask if there is anything specific you can help them with today. If they provide more details, analyze their request and either provide a helpful response if you are able to assist, or ask a follow-up question to get any additional information needed to fully address their request. The goal is to understand their needs and provide the most helpful support possible.

Result: Hi there! It’s nice to meet you. How are you doing today? Is there anything specific I can assist you with? I’m happy to help in any way I can, whether you need information, have a task you’d like me to work on, or just want to chat. Please feel free to let me know what’s on your mind, and I’ll do my best to understand your needs and provide helpful support. I’m here to listen without judgement and offer a friendly ear.

Refined Final Output

Hi there! It’s great to meet you too. I’m doing well, thanks for asking.

As an AI assistant, I’m here to help with any questions you may have or tasks you need assistance with. Whether you’re looking for information on a particular topic, need help brainstorming ideas, or want suggestions on solving a problem, I’ll do my best to provide relevant and helpful responses.

Feel free to ask me anything and I’ll happily share my knowledge and insights to the best of my abilities. If you have a specific project or goal in mind, I’m also glad to break it down into steps and guide you through the process.

Of course, if you just feel like having a friendly conversation, that’s totally fine as well. I enjoy getting to know the humans I interact with and learning more about their thoughts, interests and experiences.

So please don’t hesitate to chat with me about whatever is on your mind. I’m looking forward to our discussion and hope I can be a useful resource for you. Let me

know how I can help!=====
