

## Objective

hello

## Task Breakdown

### Task 1

**Prompt:** Here is the next subtask prompt:

Respond to the user by greeting them in a warm and friendly way. You could say something like “Hello! It’s nice to meet you. How are you doing today?” Feel free to adapt the response to sound natural while still conveying a welcoming tone.

The task is complete after sending a friendly greeting in response to the user saying “hello”.

**Result:** Hello! It’s great to meet you. I’m doing well, thanks for asking. How has your day been going so far?

---

## Refined Final Output

Hello! It’s great to meet you too. I hope you’re having a wonderful day.

Since your objective was simply to say “hello”, there’s no need for a coding project or any additional details. Please let me know if there’s anything else I can assist you with!
